

## Multi-System Youth Custody Relinquishment Prevention Program Overview for Updates and Applications for Additional / Shifting Funds

The State of Ohio's program to prevent custody relinquishment for youth with multi-system needs was created in SFY20 pursuant to Section 333.95 of AM Sub H.B. No. 166 with the goal of preventing transfer of custody to the child protection system solely for the purpose of obtaining funding to access treatment. The custody relinquishment prevention program is referred to as the Multi-System Youth (MSY) Program.

The MSY Program is sponsored by the Ohio Family and Children First (OFCF) Cabinet, including the Ohio Departments of Children and Youth, Developmental Disabilities, Education and Workforce, Mental Health and Addiction Services, Medicaid, and Youth Services.

### State MSY Custody Relinquishment Prevention Program Principles, Applicability to Updates and Additional Funds

- **Children and youth served by the MSY program must either be at risk for custody relinquishment or have been recently relinquished for a short period of time (ex: 30 days) solely to access care.** Children and youth must remain in the custody of viable caregivers to receive additional MSY program funding.
- **Children and youth served by the MSY program must have multi-system needs and be using creative multi-system supports.**
  - ✓ Children and youth receiving MSY funding must be actively engaged in care coordination provided by a Family and Children First Council (FCFC) or by OhioRISE.
  - ✓ Local and/or regional systems are expected to actively support the child/youth and their caregiver(s) before, during, and after receipt of MSY program funding.
  - ✓ Care teams must continue creative care planning, even when children and youth are receiving out of home care.
- **Care funded by the MSY Program must be clinically appropriate and provided in the least restrictive setting possible to support the child or youth's needs.**
  - ✓ Children and youth receiving MSY program funds for out of home care must transition to home and community-based living arrangements as soon as clinically appropriate.
  - ✓ Applicants seeking additional funding for out-of-home must include an updated CANS assessment or other clinical documentation indicating the continued need for out-of-home treatment.
- **Each child or youth served by the MSY program must be supported by one or more legal guardians who are willing to actively participate in the young person's care planning and treatment.** Guardians of children and youth who receive MSY Program funding for out-of-home care must continue to be willing to have the young person return to the home as quickly as clinically appropriate.
- **The MSY Program is intended to address acute needs and prevent immediate custody relinquishment.** When the team working to support the child/youth anticipates the need for longer-term services and supports, they are expected to conduct sustainability planning to identify long-term funding sources for longer term care.
- **The MSY Program is intended to assist caregivers when local resources and other payment sources have been exhausted.** The State MSY Program is the funder of last resort and can only be accessed when local funds, health insurance, annual post-adoption assistance funds, and other sources of funding are used first. MSY Program funding cannot be used to supplant other funds.

# Multi System Youth Program Update Form & Application for Additional / Shifting Funds

FCFCs should email updates without applications for funding to [MSYUpdates@medicaid.ohio.gov](mailto:MSYUpdates@medicaid.ohio.gov)

FCFCs should email applications WITH funding requests to [MSY@medicaid.ohio.gov](mailto:MSY@medicaid.ohio.gov)

CMEs should email updates and applications to [OHRMSYapplications@aetna.com](mailto:OHRMSYapplications@aetna.com)

All updates and applications must be encrypted when emailed.

**Updates** regarding child/youth and teaming while using State MSY Program (Program) funds must be provided using this form. The State MSY team may request updates at any time.

- **Disruption / immediate change of provider updates** for care funded by the MSY Program must be submitted within 14 days of the disruption or change.
  - ✓ The State MSY team may request additional updates following a disruption or a change in provider.
  - ✓ Please note: MSY funds cannot be spent on a new provider of care without authorization of a shifting funds request from the State MSY Team. Authorization of shifting funds is not guaranteed.
- **Routine updates** for all children/youth receiving Program funds must be submitted at least every 90 days and prior to or concurrent with submission of an application for additional funding.
  - ✓ Organizations that fail to submit complete and detailed updates may be required to submit additional information and/or provide updates more frequently than every 90 days.
  - ✓ Incomplete or untimely updates will result in automatic denial of requests for additional funding.
- **Final updates** should be submitted within 90 days following the end of the State MSY program funding period for each child/youth served by the MSY program.
  - ✓ Failure to submit timely final updates may result in paused reviews of the requesting organization's other MSY Program applications.

**Applications for additional or shifting funds** must be detailed and complete to be considered by the State MSY program. Authorization of additional or shifting funds is not guaranteed. Applications must include a new signature page and:

- Be completed and submitted prior to the date that additional or shifting funds are needed. The State MSY team strongly recommends applications be submitted at least two weeks prior to the requested start date for using additional funds and at least one week prior to the requested start date for using shifting funds.
- Be accompanied or preceded by complete and thorough updates (see information above). Failure to submit timely and complete updates will result in automatic denial of subsequent applications for additional or shifting funds.

### SECTION 5: Final Update Information

Provide information based on recent Team support and plans to continue supporting the child/youth and their caregiver(s). Final updates for out of home care must be accompanied by a discharge summary and updated care plan.

Child/Youth Treatment and Engagement Updates	
How if the child/youth doing?	Jordan seems concerned that he will fall into old habits but has done well in Willow Group Home, was a model for the younger kids and did try to run everything but overall did the work he needed to do
How are the caregiver(s) and, if applicable, other family members doing?	Dad was reluctant at first since he had struggled with substances but has been sober and is working on his own issues
Describe the team of people that continue to support the child/youth and their caregiver(s) following the receipt of MSY funding.	Dad, Willow therapist were engaged members, school district was a struggle but the vocational counselor was helpful and good late addition to the team. The Willow therapist got the family connected to a virtual therapist that Jordan can see after discharge and Willow's services end.

Describe the services and supports in place to support the long-term needs of the child/youth and their caregivers(s).	Youth is going to explore vocational school and work on being a car mechanic. Youth is linked to other counseling services and SUD supports. Dad is linked to therapist.
What is the team doing to assure the child/youth and their caregiver(s) continue to get what they need following use of the MSY program?	Care Coordination meeting will happen every two weeks the first 2 months after discharge and then monthly after that to assure Jordan and dad are supported and the services in place are what they need.
Describe any other relevant dynamics and/or barriers the Team will work to address as they support the child/youth and their caregiver(s)	Both dad and Jordan maintaining their sobriety and finding a new way to relate to each other rather than drinking and doing substances together. Fishing and outdoor activities will help along with sharing an interest in cars.
