

Aetna Better Health®
of Florida

Maternity Provider Training

Thursday, August 27 at 12:00 PM – 1:00PM

Attention OB/GYNs and Certified Nurse Midwives!

Join Aetna Better Health of Florida for an engaging and collaborative **Maternity Provider Training** designed specifically for healthcare professionals who support pregnant members throughout their maternity journey.

This session provides an opportunity to connect with fellow maternity providers, learn about key resources and programs, and gain valuable insights into services available through Aetna Better Health of Florida.

Topics will include:

- Claims overview and billing support
- Grievance and Appeals processes
- Doula services and member support resources
- OB services and maternity care programs
- Care coordination and maternal health initiatives
- Provider resources, tools, and best practices
- Additional programs and services available to members

Together, we can identify challenges, share best practices, and develop solutions to improve maternal health outcomes and address the real needs of pregnant individuals and families in our communities.

Whether you are a participating provider or interested in learning more about our maternity programs, this training will provide valuable information, resources, and opportunities for collaboration. We look forward to partnering with you to support healthier pregnancies and better outcomes for the members we serve.
