HealthChoice Illinois overview

What is Medicaid?

Medicaid is health insurance from the state and federal government that pays for medical assistance services. Medicaid pays for medical assistance for the following who qualify as low income:

- Eligible children
- Parents and caretakers of children
- Pregnant women
- Those who are disabled, blind, or ages 65 or older
- Those who were formerly in foster care services
- Adults ages 19-64 who aren't receiving Medicare coverage and who are not the parent or caretaker relative of a minor child

Medicaid pays for physician, hospital and long-term care. Additional coverage includes prescription medicine, medical equipment, transportation, family planning, lab tests, X-rays and other medical services.

What is HealthChoice Illinois?

HealthChoice Illinois is the expanded Medicaid managed care program. The program provides health care to most Illinois Medicaid participants. HealthChoice Illinois members must enroll in a Managed Care Organization (MCO) or health plan. Members get to choose their MCO as well as a doctor, or primary care provider (PCP). The PCP will oversee and coordinate your medical care.

How to renew your Medicaid coverage

To keep getting care through HealthChoice Illinois, you need to renew your Medicaid coverage every year. It's a simple process to make sure you still qualify for benefits. This annual renewal is also called "redetermination."

Watch your mailbox

When it's your time for you to renew, you'll get a letter in the mail from the Department of Healthcare and Family Services (HFS) with details.

When you get a renewal letter, please don't wait. If you don't renew, you'll no longer have coverage through Aetna Better Health of Illinois. If you need help, call Member Services at **1-866-329-4701 (TTY: 711)**.

Beware of scams. Illinois will never ask you for money to renew or apply for Medicaid. Report scams to <https://hfs.illinois.gov/oig/reportfraud.html> or the Medicaid fraud hotline at **1-844-453-7283/1-844-ILFRAUD**.

Open Enrollment

You can change health plans once each year during a specific time called Open Enrollment. You don't have to change health plans, but you can if you want to. Client Enrollment Services (CES) will send you an open enrollment letter 60 days before your anniversary date. You'll have 60 days during your open enrollment to change plans by calling CES at **1-877-912-8880**. You can only do this once. After the 60 days, whether you changed plans or not, you'll have to stay with that plan for 12 months. If you have questions about your enrollment or disenrollment with Aetna Better Health of Illinois, call Client Enrollment Service (CES) at **1-877-912-8880**.

Provider network

You need to use providers in the Aetna Better Health of Illinois network for all your health care needs. The network includes a wide range of providers, including primary care providers (PCPs), specialists, hospitals, nursing and senior living facilities, community mental health centers, and other medical and behavioral health providers and facilities. You don't need a referral to see a specialist, but we encourage you to work with your PCP to coordinate any care you may need. You must have our approval before you see an out-of-network provider. *The only exceptions are for emergency medical care in the United States and for care at Indian Health Care Providers (IHCPs).*

Provider directory

To find a provider in the Aetna Better Health of Illinois network, go to **AetnaBetterHealth.com/Illinois-Medicaid** and click "Find a Provider" at the top of the page. You can search for a provider by name, specialty, location and language.

The provider directory lists information of all network providers including names, addresses, phone numbers, specialties and qualifications, board certification status and more. As well as provider race and ethnicity, language and the language services available at the provider office. You can also search **HealthGrades.com** to get more information, such as medical school attended and residency completion.

If you need help finding a provider or additional information about the provider directory, call Member Services at **1-866-329-4701 (TTY: 711)**.

Primary care provider (PCP)

Your primary care provider (PCP) is your personal doctor who will give you most of your care. We believe that the PCP is one of the most important parts of your health care. They get to know you and your health history. They can also help you find a specialist if you need one. With Aetna Better Health of Illinois, you can pick your PCP. You can have one PCP for your whole family or choose different PCPs for each family member. You must choose a PCP that's in the network.

If you have a chronic health condition, disability, or special health care need, you can have a specialist as your PCP. That specialist would need to agree to complete all the requirements of a primary care provider.

If you're an American Indian/Alaskan Native member, you have the right to get services from an Indian Tribe, Tribal Organization, or Urban Indian Organization provider in and outside of the State of Illinois.

If you need help finding or changing your PCP, call Member Services at **1-866-329-4701 (TTY: 711)**. We're available Monday–Friday, 8:30 AM–5:00 PM. You can also visit **AetnaBetterHealth.com/Illinois-Medicaid** and click “Find a Provider.”

How to change PCPs

You can change your PCP at any time. There are three ways to make a change:

1. Call Member Services at **1-866-329-4701 (TTY: 711)**, Monday–Friday from 8:30 AM–5:00 PM.
2. Log in to your secure member account at **AetnaBetterHealth.com/Illinois-Medicaid**.
3. Fill out the PCP change form available online at **AetnaBetterHealth.com/Illinois-Medicaid**. Then mail it to the address on the form.

After-hours care

If you need care after regular office hours, our PCPs have 24-hour answering services or they have a phone recording. This recording will tell you how to receive care after regular office hours. If you have a medical problem or question and cannot reach your PCP during normal office hours, you can call the 24-Hour Nurse Line at **1-866-329-4701 (TTY: 711)** to speak to a nurse. If you have an emergency, call **911** or go to the nearest emergency department.

You can have your prescription filled at CVS Specialty Pharmacy, or any one of our other in-network specialty pharmacies.

Over-the-Counter benefit

Aetna Better Health of Illinois gives you a monthly allowance of **\$25** per household to spend on Over-the-Counter (OTC) health care products. For more information, visit **[CVS.com/otchs/ABHILMedicaid](https://www.cvs.com/otchs/ABHILMedicaid)**.

Out-of-network benefits

Your plan doesn't generally cover routine non-emergency care (covered services) from providers who aren't part of the Aetna Better Health of Illinois provider network. However, there may be times when you need routine care that our provider network can't provide. If this is the case, you may be able to receive coverage from a provider who isn't in the network (a non-participating provider) only if:

- (1) The care is medically necessary (as determined by Aetna Better Health of Illinois); and
- (2) There are no Aetna Better Health of Illinois in-network providers who can provide the same service

We have the right to say where the care or service can be provided and it must be preauthorized. This means you or your provider need to contact us before your visit in order for it to be covered.

Reminder: Emergency services are always covered and don't require preauthorization.

Cost sharing

For the HealthChoice Illinois program, Aetna Better Health of Illinois does not have cost sharing except for members who must spend down assets and excess income every month on qualified expenses to remain eligible for Medicaid. The State determines spend-down amounts based on income. We deduct spend-down amounts from reimbursement.

Transportation services

Aetna Better Health of Illinois offers free transportation to appointments and to the pharmacy directly following a doctor's appointment. If you need transportation, please call us at **1-866-329-4701 (TTY: 711)** at least two (2) business days in advance, and we'll arrange it for you. You can bring a guest to appointments, if needed.

Transportation benefits include:

- Public transportation.
- Curb-to-curb service when needed.
- Americans with Disabilities Act (ADA) wheelchair-compliant transportation.
- Mileage reimbursement.
- Members traveling alone must be age 16 or older. If a member is at least 12 years old, a parental waiver is needed for them to travel alone.
 - All members under the age of 12 must be accompanied by an adult at least 18 or older.

We will provide the best transportation method for your needs. This will be based on the distance from your home to the provider's office, accessibility needs and cost effectiveness. We'll ask some questions to figure out the best transportation option for you, like:

- Are you able to take public transportation?
- Are you able to walk from your door to the vehicle with little or no help?
- Do you use any devices, such as a walker, cane, wheelchair, etc.?
- Do you normally travel alone, or do you need someone to help you?

- We don't reward doctors or other people for denying coverage or care.

Quality Program

Aetna Better Health of Illinois wants our members to receive high quality health care. The Quality Program makes sure you are receiving safe and effective care and that your health care needs are being met. We're accredited by the National Committee for Quality Assurance (NCQA) to make sure we continue to meet national standards.

Some Quality Program services include:

- Phone, text messaging and email outreach to members who are due for preventive or chronic health care services
- Mailings about health screening reminders
- Population health management initiatives, such as childhood immunizations, pregnancy, diabetes and behavioral health programs that address the specific health needs of our members

Member satisfaction surveys

Your satisfaction with your health plan is very important to us. You may receive a survey in the mail, by phone or text message asking questions about your experience with the services you are getting. Please take the time to respond — we value your opinion. It will help us to improve the services we provide and your overall health care experience.

Clinical practice guidelines

The Quality Program reviews the services provided to our members using national clinical practice guidelines. Clinical practice guidelines help doctors and members make decisions about their health and treatment. If you'd like a copy of these guidelines, call Member Services at **1-866-329-4701 (TTY: 711)**.

New technology

We have a team of doctors who review new treatments for people with certain illnesses using information from national scientific agencies. When new treatments become covered by Illinois Medicaid, this information is shared with our provider network. This lets our doctors provide you with the best and most current types of care. For more information about our Quality Program, call Member Services at **1-866-329-4701 (TTY: 711)**.

Advance directives

An advance directive is a written decision you make about your health care in case there's a time when you're so sick you can't make a decision at that time. In Illinois, there are four types of advance directives:

- **Health Care Power of Attorney** — This lets you pick someone to make your health care decisions if you're too sick to decide for yourself. You can complete the Illinois Power of Attorney for Health Care form found on the Illinois Department on Aging website at ilaging.illinois.gov/resources/newspublicationsandreports/legal-forms.html. You can also call Member Services at **1-866-329-4701 (TTY: 711)**.
- **Living Will** — This tells your doctor and other providers what type of care you want if you are terminally ill, which means you will not get better.
- **Mental Health Preference** — This lets you decide if you want to receive some types of mental health treatments that might be able to help you.
- **Do Not Resuscitate (DNR) order** — This tells your family and all your doctors and other providers what you want to do in case your heart or breathing stops.
- **Power of Attorney for Property** — In Illinois, each person has the right to choose someone to make property and financial decisions for them.

You can get more information on advance directives from Aetna Better Health of Illinois or your doctor. If you're admitted to the hospital, they might ask you if you have an advance directive. You don't have to have one to get your medical care, but most hospitals encourage you to have one. You can choose to have any one or more of these advance directives and cancel or change them at any time.

Talk to your PCP about the decision-making process to make your living will or advance directive. Together, you can make decisions that will set your mind at ease. Once you complete your advance directive, Aetna recommends that you ask your PCP to put the form in your file. If you should ever need or want to, you can change your advance directive at any time. You should make sure others know you have an advance directive. You may also choose to designate a Medical Power of Attorney. That person should know about your advance directive or living will as well. With an advance directive, you can be sure that you're cared for as you wish at a time when you can't give the information.

Aetna Better Health of Illinois will not pursue estate recovery activities. The Illinois Department of Healthcare and Family Services is solely responsible for estate recovery activities and will retain any and all funds recovered through these activities.

At any time during the grievance process, you can have someone you know represent you or act on your behalf. This person will be "your representative." If you decide to have someone act for you, let Aetna Better Health of Illinois know the name of your representative in writing along with their contact information.

We'll try to resolve your grievance right away. If we can't, we may contact you for more information.

Appeals

An appeal is a way for you to ask for a review of our actions. If we decide that a requested service or item can't be approved, or if a service is reduced or stopped, you'll get an "Adverse Benefit Determination" letter from us. This letter will tell you the following:

- What action was taken and the reason for it.
- Your right to file an appeal and how to do it.
- Your right to ask for a State Fair Hearing and how to do it.
- Your right, in some circumstances, to ask for an expedited appeal and how to do it.
- Your right to ask to have benefits continue during your appeal, how to do it and when you may have to pay for the services.

You may not agree with a decision or an action made by Aetna Better Health of Illinois about your services or an item you requested. An appeal is a way for you to ask for a review of our actions. You may appeal within **sixty (60) calendar days** of the date on our Adverse Benefit Determination letter. If you want your services to stay the same while you appeal, you must say so when you appeal, and you must file your appeal no later than **ten (10) calendar days** from the date on our Adverse Benefit Determination letter. The list below includes examples of when you might want to file an appeal.

- Not approving or paying for a service or item your provider asks for
- Stopping a service that was approved before
- Not giving you the service or items in a timely manner
- Not advising you of your right to freedom of choice of providers
- Not approving a service for you because it was not in our network

There are two ways to file an appeal:

- 1) Call Member Services at **1-866-329-4701 (TTY: 711)**
- 2) Mail, email or fax your written appeal request to:

You have several options for assistance. You may:

- Choose to be represented by a legal professional.

To appoint someone to represent you, either: 1) send us a letter informing us that you want someone else to represent you and include in the letter his or her contact information or, 2) fill out the Authorized Representative Appeals form. You may find this form on our website at **AetnaBetterHealth.com/Illinois-Medicaid**.

Appeal process

Aetna Better Health of Illinois will send you an acknowledgement letter within **three (3) business days** to let you know that we received your appeal. We'll tell you if we need more information and whether to give us the information in person or in writing.

A provider with the same or similar specialty as your treating provider will review your appeal. It will not be the same provider who made the original decision to deny, reduce or stop the medical service.

We'll send our decision in writing to you within **fifteen (15) business days** of the date we received your appeal request. We may request an extension up to **fourteen (14) more calendar days** to make a decision on your case if we need to get more information. You can also ask us for an extension if you need more time to obtain additional documents to support your appeal.

We'll call you to tell you our decision and send you and your authorized representative the Decision Notice. The Decision Notice will tell you what we will do and why.

If the Aetna Better Health of Illinois decision agrees with the Adverse Benefit

Determination, you may have to pay for the cost of the services you got during the appeal review. If Aetna Better Health of Illinois' decision does not agree with the Adverse Benefit Determination, we will approve the services to start right away.

Things to keep in mind during the appeal process:

- At any time, you can provide us with more information about your appeal, if needed.
- You have the option to see your appeal file.
- You have the option to be there when Aetna Better Health of Illinois reviews your appeal.

How can you expedite your appeal?

If you or your provider believes our standard timeframe of **fifteen (15) business days** to make a decision on your appeal will seriously jeopardize your life or health, you can ask for an expedited appeal by writing or calling us. If you write to us, please include your name, member ID number, the date of your Adverse Benefit Determination letter, information about your case and why you are asking for the expedited appeal. We will let you know within twenty-four (24) hours if we need more information. Once all information is provided, we will call you within twenty-four (24) hours to inform you of our decision and will also send you and your authorized representative the Decision Notice.

How can you withdraw an appeal?

You have the right to withdraw your appeal for any reason, at any time, during the appeal process. However, you or your authorized representative must do so in writing, using the same address as used for filing your appeal. Withdrawing your appeal will end the appeal process and no decision will be made by us on your appeal request.

Aetna Better Health of Illinois will let you know they received your withdrawal by sending a notice to you or your authorized representative. If you need more information about withdrawing your appeal, call Aetna Better Health of Illinois at **1- 866-329-4701 (TTY: 711)**.

What happens next?

After you receive the appeal Decision Notice in writing from Aetna Better Health of Illinois, your appeal file will be closed. However, if you disagree with the decision made on your appeal, you can ask for a State Fair Hearing Appeal and/or an External Independent Review of your appeal. You can choose to ask for both a State Fair Hearing Appeal and an External Independent Review, or you may choose to ask for only one of them.

An External Independent Review is not available for appeals related to services received through the Elderly Waiver; Persons with Disabilities Waiver; Traumatic Brain Injury Waiver; HIV/AIDS Waiver; or the Home Services Program.

State Fair Hearing

If you choose, you can ask for a State Fair Hearing Appeal within **one hundred-twenty (120) calendar days** of the date on the Decision Notice, but you must ask for a State Fair Hearing Appeal within **ten (10) calendar days** of the date on the Decision Notice if you want to continue your health care services. If you don't win your appeal, you may be responsible for paying for the services provided to you during the appeal process.

At the State Fair Hearing, just like during the Aetna Better Health of Illinois Appeals process, you may ask someone to represent you, such as a lawyer or have a relative or friend speak for you. To appoint someone to represent you, send us a letter informing us that you want someone else to represent you and include in the letter his or her contact information.

You can ask for a State Fair Hearing in one of the following ways:

- Your local Family Community Resource Center can give you an appeal form to request a State Fair Hearing and will help you fill it out if you wish.

State Fair Hearing Process

The hearing will be conducted by an Impartial Hearing Officer authorized to conduct State Fair Hearings. You will receive a letter from the appropriate Hearings office informing you of the date, time and place of the hearing. This letter will also provide information about the hearing. It is important that you read this letter carefully. If you set up an account at **ABE.illinois.gov/abe/access/appeals** you can access all letters related to your State Fair Hearing process through your ABE Appeals Account. You can also upload documents and view appointments.

At least **three (3) business days** before the hearing, you'll get information from Aetna Better Health of Illinois. This will include all the information we'll present at the hearing. This will also be sent to the Impartial Hearing Officer. You must provide all the evidence you'll present at the hearing to Aetna Better Health of Illinois and the Impartial Hearing Officer at least **three (3) business days** before the hearing. This includes a list of any witnesses who will appear on your behalf, as well as all documents you'll use to support your appeal.

You will need to notify the appropriate Hearings Office of any accommodation you may need. Your hearing may be conducted over the phone. Please be sure to provide the best phone number to reach you during business hours in your request for a State Fair Hearing. The hearing may be recorded.

Continuance or postponement

You may request a continuance during the hearing, or a postponement prior to the hearing, which may be granted if good cause exists. If the Impartial Hearing Officer agrees, you and all parties to the appeal will be notified in writing of a new date, time and place. The time limit for the appeal process to be completed will be extended by the length of the continuation or postponement.

Failure to appear at the hearing

Your appeal will be dismissed if you, or your authorized representative, do not appear at the hearing at the time, date and place on the notice and you have not requested postponement in writing. If your hearing is conducted via telephone, your appeal will be dismissed if you do not answer your telephone at the scheduled appeal time. A Dismissal Notice will be sent to all parties to the appeal.

Your hearing may be rescheduled if you let us know within **ten (10) calendar days** from the date you received the Dismissal Notice, if the reason for your failure to appear was:

- A death in the family
- Personal injury or illness which reasonably would prohibit your appearance
- A sudden and unexpected emergency

If the appeal hearing is rescheduled, the Hearings Office will send you or your authorized

representative a letter rescheduling the hearing with copies to all parties to the appeal.

If we deny your request to reset your hearing, you will receive a letter in the mail informing you of our denial.

The State Fair Hearing decision

A Final Administrative Decision will be sent to you and all interested parties in writing by the appropriate Hearings Office. The Decision will also be available online through your ABE Appeals Account. This Final Administrative Decision is reviewable only through the Circuit Courts of the State of Illinois. The time the Circuit Court will allow for filing of such review may be as short as **thirty-five (35) days** from the date of this letter. If you have questions, please call the Hearing Office.

External Independent Review (for medical services only)

Within **thirty (30) calendar days** after the date on the Aetna Better Health of Illinois appeal Decision Notice, you may choose to ask for a review by someone outside of Aetna Better Health of Illinois. Fax: **1-844-951-2143**

requirements, the letter will have the name of the external reviewer.

- You have **five (5) business days** from the letter we send you to send any additional information about your request to the external reviewer.
