

About Aetna Medicare FIDE (HMO D-SNP)

Aetna Medicare FIDE (HMO D-SNP) is a type of Medicare Advantage plan that provides both Medicare and Medicaid health benefits to Illinois Members who qualify for Medicare and Medicaid services. Members must be 21 or over and reside within the state of Illinois.

Provider Participation and Reimbursement

1) Am I in Aetna Medicare FIDE's Network?

If you are an Aetna Medicare Advantage contracted provider and you are registered as a Medicaid provider with the state of Illinois, you then participate in the Aetna Medicare FIDE (HMO D-SNP) Network and should accept members for the provision of Medicare services.

If you are an Aetna Better Health of Illinois (Medicaid) provider, you may participate in the Aetna Medicare FIDE (HMO D-SNP) Network if you received a notice adding the product to your agreement.

To check your participation status, please visit the [Availity provider portal](#) or call provider services at **1-866-600-2139**.

2) Can I balance bill a member?

Providers may not bill members for any Medicare or Medicaid covered services. Members are not responsible for Medicare cost sharing under CMS regulations. Medicare cost sharing includes the deductibles, coinsurance and copays included as part of Medicare Advantage benefit plans.

3) Should I bill Medicare or Medicaid?

Providers should only bill Aetna Medicare FIDE (HMO D-SNP) for amounts due for any services covered under the member's plan. As a Medicare Advantage plan, Aetna Medicare FIDE (HMO D-SNP) is responsible for providing payment for Medicare covered services (up to existing Medicare reimbursement rates).

Participating Medicare providers will be compensated in accordance with their executed contract terms and conditions that you will find in the Medicare service and compensation schedule.

Aetna Medicare FIDE (HMO D-SNP) is also responsible for the management and payment of Illinois Medicaid benefits. Medicaid-only covered services will be reimbursed according to existing Medicaid rates.

For Medicare covered services, Aetna will reimburse providers for Medicare primary payment (up to the existing Medicare Advantage contracted rates) and then adjudicate for Medicaid secondary payment (up to the Medicaid allowable rates). You do need to have an Illinois Medicaid ID from the state to receive Medicaid cost sharing. If the claim is eligible for both Medicare and Medicaid reimbursement, payment for the Aetna Medicare FIDE (HMO D-SNP) plan will be made on separate checks: one check from Medicare and one check from Medicaid.

4) What If I'm Not a Medicaid Participating Provider?

Providers who are billing Medicare covered codes will receive both the primary Medicare payment and then secondary Medicaid payment if applicable. If you are billing Medicare covered services as primary, there is nothing to do. You do not need to have a Medicaid contract to receive primary Medicare cost sharing.

If you are billing services that are primary to Medicaid (i.e., services that are not Medicare eligible), Illinois Department of Healthcare and Family Services (HFS) requires registration to receive payment. Providers must complete a revalidation to remain active in the program. If you need a Medicaid ID, please visit the registration site at <https://impact.illinois.gov/> Either registering or obtaining an Active Medicaid ID is sufficient to receive a Medicaid payment for Medicaid primary services.

All providers will be required to re-validate based on their enrollment date. All providers must complete the IMPACT revalidation process to remain enrolled in Medicaid. This includes providers who participate in the Aetna Medicare FIDE (HMO D-SNP).

5) How do I submit claims?

Using the member's ID number from the plan ID card, you'll only need to submit one claim. Your claims will automatically process first through Medicare benefits and then through Medicaid benefits. You'll receive two provider remittance advices (PRAs), one for Medicare and one for Medicaid. There's no need to submit a secondary claim to Aetna.

There are three avenues to submitting claims:

- We encourage participating providers to electronically submit claims through ECHO Health, Inc. Use submitter ID **#26337** when submitting claims to Aetna Medicare FIDE (HMO D-SNP).
