Notice of New Aetna Better Health® Premier Plan (MMAI) concerning MMAI DUAL Eligible Claims and Encounters Front End Edits

The Illinois Healthcare and Family Services (HFS) is required by the United States Code of Federal 42 CFR § 438 Subpart H to verify that all providers, provider groups, and affiliations who wish to provide services to Medicaid participants have their enrollment verified. This requirement applies to contracted Managed Care Organizations (MCOs), as well [aligns to rules 438.6 (b)(1) and 438.6(b)(2)]. HFS requires contracted MCOs to verify that all Providers, Provider Groups, and their affiliates who wish to provide services to Medicaid participants have their active enrollment on the date of service be verified prior to claim adjudication.

Aetna Better Health Premier Plan (MMAI) has revised their clean claim edits to ensure compliance with the State of Illinois HFS rules and edits. Aetna Better Health Premier Plan (MMAI) will begin enforcement of these revised edits as of October 15th, 2024. This letter is being sent to ensure your medical office is also preparing to ensure compliance. Together, we can reduce the impact and disruption to billing operations.

The clean claim edits will reject EDI claims and deny Paper claims when a unique and effective Medicaid ID cannot be found on the State of Illinois HFS registry for any of the following provider categories:

Providers are responsible for resolving any State registration issues and are not permitted to balance bill the Medicaid subscriber.

Providers of Aetna Better Health® of Illinois Medicaid patients must be registered with the State of Illinois's registry, using their National Provider Identifier (NPI), Taxonomy Code, Provider Type, Practice address and Billing address. Registration must occur prior to rendering services to the plan's membership. Atypical providers are not required to have a National Provider ID (NPI). The Health Plan will perform edits based on the Medicaid ID submitted using the G2 qualifier in the rendering and/or billing loops.

As of October 15th, 2024, Providers will be required to submit claims with the Billing and/or Rendering, Provider Taxonomy codes that are consistent with the registered specialty and services being rendered. Aetna Better Health of Illinois will reject EDI Claims and deny Paper claims if the taxonomy code is not submitted for either the Billing or Rendering NPI. Aetna Better Health of Illinois strongly encourages sending the taxonomy codes associated to the Referring and Attending Provider types when included on the claim.
