Aetna Better Health® of Kansas

Training Opportunity on Social Determinants of Health

Aetna Better Health of Kansas cordially invites our provider community to take part in a training series we have developed in partnership with the Mental Health Technology Transfer Center.

Context Clues: Using Social Determinants of Health (SDOH) to Enhance Treatment will support medical and behavioral health care providers, as well as community-based service providers, in their daily work. The series will include information on:

- Social Determinants of Health
- Utilization of Z-codes to improve care coordination
- Best practices for holistic care

The training series is free, virtual, and open to anyone with an interest in learning more about the health implications of social determinants. Live webinars will occur on the third Thursday of each month, beginning at 12:00 PM CDT. Certificates of attendance will be provided. To register for any of the sessions, please visit the [MHTTC Registration Page](#), or enter the following URL in your browser:
