

## 2024 Provider Expo -

We are hitting the road, and we want to talk to **YOU**. We have created a brand-**NEW** format for events and can't wait to share it with you and your office.

This is an opportunity for our team to engage with you and your office, to collaborate, share information, hear fresh perspectives, and **show our appreciation**. This new format will allow you to get all the updated and information in a fun and personal manner.

- Anyone from your office can stop from 10am through 2pm
- This is a self-guided event, approximately one hour to complete
- You will have the opportunity to meet the ABHKY Network Relations team
- Most up to date information on what is new with ABHKY
- Talk with leadership, quality folks and community outreach
- Spend time talking to folks on the topics that matter most to you
- Food provided by Kentaco of Bowling Green via Food Truck

\*Coming soon to Paducah, Louisville, Lexington, Ashland and Somerset.
