36.01.066-WV 10/26

Welcome to Aetna Better Health® of West Virginia

This provider directory lists doctors, hospitals, clinics, and other providers that work with Aetna Better Health of West Virginia. This book will help you get health care services. You can also call us toll-free at **1-888-348-2922**, Monday through Friday, 8:30 a.m. to 5 p.m. (ET). If you are hearing or speech impaired, you can dial **711** and they can connect you to the number listed above. We will help you find a provider. You can also view the list online at **AetnaBetterHealth.com/WestVirginia**.

Questions? Give us a call at **1-888-348-2922**, TTY: **711**.

How to use your Provider Directory

You must choose a doctor, also known as a PCP (primary care physician). If you don't choose a doctor, we will choose one for you.

Your PCP handles your care. They also refer you to other doctors when needed. A PCP is a:

- General practice doctor
- Internal medicine doctor
- Pediatrician
- Nurse practitioner
- Family practice doctor

Some doctors speak different languages. Those languages are listed under the doctor's name. This directory lists other language services offered. You can call providers directly to learn more about these services. Aetna providers must provide physical access, reasonable accommodations and accessible equipment for Medicaid enrollees with physical or mental disabilities. If you need oral translation services, call Member Services at **1-888-348-2922**. If you need a copy of the Provider Directory in a different format, call us at **1-888-348-2922**. The directory is available in the languages of the major population groups served and in alternative formats such as Braille.

New doctors may have joined the network

Changes may have happened since this directory was printed. We cannot make sure that your PCP or other health care provider will always be in our network. Go to our website **AetnaBetterHealth.com/WestVirginia** to use the online doctor search. It will give you an updated list of doctors in the network. You can also call Member Services to make sure a doctor is in our network. You can request and obtain an updated provider directory within five (5) business days.

Restrictions and limitations may apply for our Value-Added Services.

Getting Care When You Need It

Aetna 24-Hour Nurse Line

If you have a medical question, our 24-hour nurse line can help you decide what kind of treatment you need. Call **1-855-200-5975**.

Emergency Care

You should get emergency care when you have a very serious and sudden medical problem. An emergency would make someone think he or she needs to be treated right away.

Some examples of an emergency are:

- Severe bleeding that does not stop
- A heart attack or severe chest pain
- Seizures
- Rape
- Coughing up or vomiting blood
- Attempted suicide

You should not go to the emergency room (ER) for things like:

- Minor fevers or colds
- Minor cuts and bruises
- Sprained muscles

If you believe you have a medical emergency, call 911 immediately or go to the nearest ER. When you get there, show your member ID card. You do not need a referral or approval from your PCP or Aetna Better Health. If you are traveling and away from home when you have a medical emergency, go to the nearest ER. You have the right to go to the nearest hospital, even if it is not in our network. If you're not sure what to do, call your PCP or Aetna Better Health at **1-888-348-2922 (TTY: 711)**.

Remember to use the ER only if you have an emergency. You are always covered for emergencies. For more information about emergency transportation and getting care after an emergency, please see the *Your Benefits* section of your Member Handbook.

Behavioral Health Services

If there is a mental health or substance use emergency, please call 911 right away.

Call, text or chat with the Suicide and Prevention Lifeline at **988** if you or another person are having thoughts about harming yourself, mental health or substance use crisis, or any other kind of emotional distress. Help for mental health and substance use problems is also available 24/7 across the state through the **HELP4WV** helpline. The Children's Mobile Crisis Response Team can help de-escalate a crisis by phone or in person. If you need help call **1-844-HELP4WV (844-435-7498)**. You can learn more about the program at **www.help4wv.com**. For additional resources visit **kidsthrive.wv.gov**.
