Prior Auth Change for Code J3145

Effective **April 1, 2020**, Aetna Better Health of Pennsylvania will change the way HCPCS Code J3145 (Injection, testosterone undecanoate, 1 mg Aveed®) is reviewed and paid.

Starting April 1st, Code J3145 will require prior authorization and documented trial and failure of two preferred agents in addition to meeting clinical criteria in order to be considered for coverage.

This prior authorization currently exists for pharmacy point of service requests however, we are expanding this to all non-pharmacy outpatient settings.
