
**Weight Assessment and Counseling for Nutrition and Physical Activity
Measure for HEDIS – Billing Codes**

Please review the Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents (WCC) HEDIS educational flyer. The ICD10 codes for the WCC measure are included within this flyer. We need your help in ensuring that the services are conducted and claims with the applicable codes are submitted when services are rendered.

Billing with these codes when members come in for a visit(s), will help decrease the need for medical records to confirm that services were received.

If you have any questions, please do not hesitate to contact Christie Johnson at our Quality Management department at 214-200-8485.

Thanks in advance for your assistance.
